

Data Analytics On-Demand

High Performance Real Time Data Analytics

Join IIS, Vertica Systems, Tableau and Philadelphia area business leaders for an executive round table dinner event:

Del Frisco's

Wednesday, November 30, 2011

1426 Chestnut Street, Philadelphia PA

5:30pm – 8:00pm

Hear and see how high performance real time data analytics will improve **competitiveness, profitability and business agility.**

Learn how immediate access to data empowers businesses to move with greater accuracy and purpose.

Discuss real world use cases of how Vertica and Tableau are shattering traditional barriers to entry, saving **time, money and resources!**

There will be a raffle for an iPad 2 at the end of the event!
